Joint donation from the companies of the Schwarz Group: One million euro in emergency relief for Turkey and Syria

Neckarsulm, 9 February 2023 – The companies of the Schwarz Group are deeply saddened by the disaster in Turkey and Syria and are contributing a donation of one million euro in emergency relief for the victims of the earthquake in the region.

In order to ensure that the aid reaches the victims as quickly and with as little red tape as possible, the joint donation will be sent to the Emergency Relief Services of the German Red Cross. With these funds, the aid workers in the disaster area will then be able to provide the assistance that is needed on the ground.

Many Schwarz Group employees have relatives in this region. Our thoughts are with them and with the victims of the disaster.
